Outsourcing	Documentation

### Solutions

-Security	-Messaging & Groupware
-Platform Migration	-Wireless
-Terminal Services	

### Softwares

-Financial Systems	-E-commerce Solutions
-Web development	-Data Management

SIPL is committed to provide cutting edge IT technologies to help you compete in your industry.

**Our services are available to you round the clock. 24 Hours a day and 7 days a week, including National Holidays**

### Rental & Lease

Under this service we provide you branded Laptops / Desktops / Servers / network Equipments such as Routers, Switches and Firewall for Daily / Weekly / Monthly / Yearly rentals or lease

### Guaranteed Service Levels

Depends on the critical nature of the systems in use, customer can choose among **Normal** and **Priority** response levels. A **stand-by service** facility can also be requested by the customer for a defined period of time

### Monthly Call tracking & Report

Monthly report keeps you informed of all the activities and facilitate you to make pro-active decisions

Our detailed Server base-line parameters and peak usage charts will help the customer to focus on future growth

### Outsourcing Services

IT manpower outsourcing is a strategic option for companies to retain in-house IT specialists while not worrying about upgrading their skill sets. Outsourcing shifts your company's focus from managing resources to managing results, leaving the responsibility of providing the IT person of required skills to **SIPL** an expert whose specialized knowledge offer cost-efficiencies, improved practices. We provide engineers of relevant skill sets to serve various MIS needs on

- ▀ Project Basis and
- ▀ Long & Short term placements

### LAN & WAN Infrastructure

SIPL provides a comprehensive view of your network's condition and offers recommendations for enhancements and upgrades to keep your network running at peak performance. Detailed Port-Level and Over-all Network drawings provided by us will ensure quick troubleshooting and easy maintenance

### Documentation

Needless to say every one of our services includes a detailed documentation. However customer can make use of our professional documentation services.
